

Dry Slope Technologies

**ICE-
KARTING**

On our Ice-Karting mats you can slide & drift all year round with the karts - outdoor and indoor. In the summer on the mats and in winter on the same place when snow is on the mats.

For years, our Skitrax® mats for Ice Karting have been used successfully in various countries. Call us or send us an e-mail with your wishes.

We are looking forward to your contact.

Always where snow is missing
